Dear Supporter,

Thank you for your generous support of the 2015 Ride to Conquer Cancer® Presented by Silver Wheaton benefiting BC Cancer Foundation. Your contribution greatly impacts the fight to end cancer.

*Fraser Valley*

Your gift helps us to carry out the latest research and provide the most relevant care to the cancer patients in greatest need. Your funds from The Ride implement and accelerate research studies and allow the BC Cancer Agency to continue to be a world-renowned model for cancer research, control, and patient care.

*Prince George*

Despite the population of British Columbia being large, mortality rates from all cancers have been some of the lowest, if not the lowest, in Canada. These outcomes reflect your commitment to our cause and the steps we will take to achieve our vision: a world free from cancer.

*Southern Interior*

As a Rider myself, I know how The Ride to Conquer Cancer significantly affects the lives of the people involved—from the participants' determination to their loved ones' encouragement to the hope of individuals living with cancer. Thank you again for engaging in these efforts and supporting this epic event.

*Vancouver*

*Vancouver Island*

Sincerely,

Doug Nelson  
President and CEO  
BC Cancer Foundation
